

Modern, luxury villa with spectacular sea views in Altea

Modern, luxury villa with spectacular sea views in Altea. This spectacular four-level house with a unique decorative style, from which you can enjoy views of the sea, pine forests, and the skyline of Benidorm. The vistas are undeniably beautiful, and the sunsets capture the true Mediterranean essence of the surroundings.

The interior design and layout are in perfect harmony with the architectural concept of the project. The interiors reflect a clean, modern, and airy image, achieved through the use of white elements, sandy-colored flooring, and large open spaces flooded with light.

The villa has many remarkable features, from its spacious garage with room for three vehicles, complete with a pre-installation for an electric vehicle charging point, to its huge master suite located on the solarium level, which includes an impressive walk-in closet, a luxury bathroom, and a stunning terrace—a private, exclusive space for its future owners with spectacular sea views.

The size of this villa allows for four bedrooms, each with its own private bathroom, with the option to expand to five. The house also includes a billiards room, multiple lounges, an office, and an impressive day zone that occupies an entire floor and connects directly with the terrace and pool. The elevator is a key feature, making it easy to move between the four levels.

The main floor of the house features a large open-plan living and dining area that opens onto the terrace and a spacious kitchen with a central island, cooking zone, and a large breakfast bar. This open and connected space creates different environments. The interior design is unified by walnut wood, grey decorative elements, a huge
